Topkwaliteit

Kwaliteit, dat is waar het bij ons om draait. Dat ziet u terug in onze high end producten, in de materialen waarmee we werken en in de service die we leveren.

Eigen productie

Dankzij onze eigen productiefaciliteit in Vietnam zijn wij in staat de kwaliteit in het gehele proces, van productie tot aan levering, te waarborgen. Hierdoor is het ook mogelijk directe containers op FOB-basis bij ons te bestellen.

Duurzame materialen

De producten uit onze Grigio, Struttura en Argento collecties zijn gemaakt van een unieke, zeer sterke materiaalsamenstelling (een mix van fiberglas en steenpoeder) die in samenwerking met een Belgische universiteit is ontwikkeld. UV- en vorstbestendig, kracht en duurzaamheid gegarandeerd!

Daarnaast bieden we onze Marrone collectie aan, die bestaat uit producten van gerecycled hout. Een milieuvriendelijk product met rustieke, natuurlijke look.

Milieuvriendelijk

Wij staan voor producten die lang meegaan en op een milieuvriendelijke manier zijn geproduceerd. In het voorjaar van 2021 verwachten we een compleet nieuwe productiefaciliteit in Vietnam te openen, welke zal worden voorzien van een BSCI-certificering voor het welzijn van de werknemers. Ook wordt deze volledig klimaatneutraal gemaakt door onder andere, het gebruik van zonnepanelen en waterhergebruiksystemen.

Ruime voorraad

Een groot gedeelte van onze collectie is tevens uit voorraad leverbaar vanuit ons magazijn in Nederland. Op de detailpagina's achterin deze catalogus vindt u een overzicht van de producten die uit voorraad leverbaar zijn.

B2B Portal

Op verzoek sturen wij u graag inloggegevens voor onze B2B-portal, waar u op een overzichtelijke manier alle informatie over onze producten vindt, onze actuele voorraad ziet en gemakkelijk een rechtstreekse order plaatst.

Top quality

Quality is what our business is all about. This is reflected in our high-end products, in the materials we work with and in the service we provide.

Own production facility

Thanks to our own production facility in Vietnam, we are able to guarantee the quality of our products throughout the entire process, from their production to their delivery. This enables us to supply direct containers on FOB basis.

Durable materials

The products from our Grigio, Struttura and Argento collections are made from unique, very strong material compositions (a mix of fiberglass and stone powder) developed in collaboration with a Belgian university. UV and frost resistant, strength and durability are guaranteed!

We also offer our Marrone collection, consisting of products made from recycled wood. An environmentally friendly product with a rustic, natural look.

Environmentally friendly

We provide products that last a long time and are produced in an environmentally friendly way. We expect to open a completely new production facility in Vietnam in the spring of 2021, which will have BSCI certification to ensure the well-being of our employees. We also aim to make this facility fully climate neutral through, among other things, the use of solar panels and water reuse systems.

Large stock

A large part of our collection is also available from stock from our warehouse in the Netherlands. You will find an overview of products we can deliver from stock on the detail pages in the back of this catalogue.

B2B portal

On request, we will be pleased to send you login details for our B2B-portal, where you will find all information about our products in a well-organized manner, can view our current stock and can easily place a direct order.

Topqualität

Qualität – Darum dreht sich alles bei uns. Das finden Sie in unseren High-End-Produkten wieder, in den Materialien, mit denen wir arbeiten und im Service, den wir liefern.

Eigene Produktion

Dank unserer eigenen Produktionsmöglichkeiten in Vietnam sind wir in der Lage, die Qualität des gesamten Prozesses, von der Produktion bis zur Lieferung, sicherzustellen. Unsere Produktionsmöglichkeiten ermöglichen es Ihnen auch, direkte Container auf FOB-Basis bei uns zu bestellen.

Nachhaltige Materialien

Die Produkte aus unserer Grigio, Struttura und Argento Kollektion wurden aus einer einzigartigen, sehr beständigen Materialzusammenstellung (einer Mischung aus fiberglas und Steinpulver) hergestellt, die in Zusammenarbeit mit der belgischen Universität entwickelt wurde. UV- und frostbeständig sowie Stärke und Nachhaltigkeit werden garantiert!

Darüber hinaus präsentieren wir unsere Marrone Kollektion, die aus recyceltem Holz hergestellt wird: ein umweltfreundliches Produkt mit rustikalem, natürlichem Look.

Umweltfreundlich

Wir setzen uns dafür ein, dass die Produkte lange halten und auf eine umweltfreundliche Art produziert werden. Wir können es kaum erwarten, im Frühjahr 2021 einen komplett neuen Produktionsstandort in Vietnam zu eröffnen, der mit der BSCI-Zertifizierung zum Wohlergehen der Arbeitnehmer ausgezeichnet sein wird. Zudem wollen wir diesen Standort vollständig klimaneutral errichten, indem wir, unter anderem, Solarmodule und Wasseraufbereitungsanlagen verwenden.

Großer Vorrat

Ein großer Teil unserer Kollektion ist zudem aus unserem Magazin in den Niederlanden aus Vorrat lieferbar. In der Detailübersicht hinten finden Sie eine Übersicht, welche Produkte wir auf Lager lieferbar wären.

B2B Portal

Auf Nachfrage schicken wir Ihnen gern Zugangsdaten für unser B2B-portal zu, wo Sie auf eine übersichtliche Art und Weise alle Informationen über unsere Produkte finden, unseren aktuellen Vorrat sehen und einfach und direkt Bestellungen tätigen können.

Grigio

De collectie Grigio biedt het beste van twee werelden: de robuuste uitstraling van beton en het lichtgewicht maar sterke en onderhoudsvriendelijke karakter van polyester. Door het gebruik van dit materiaal zijn de producten gegarandeerd sterk en bestand tegen alle weersomstandigheden. Dankzij een intensief en zorgvuldig ontwikkelingsproces hebben alle potten een prachtige, natuurlijke betonlook. Ieder product wordt met de hand vervaardigd in onze eigen productie. Een garantie voor topkwaliteit en duurzaamheid.

The Grigio collection offers the best of two worlds: it has the robust look of concrete and the lightweight, yet strong and maintenance-friendly quality of polyester. This material ensures that the products are not only strong, but also resistant to all weather conditions. Thanks to an intensive and careful development process, all pots have a beautiful, natural concrete look. Every item is carefully handmade in our own production facility. This guarantees both top quality and durability.

Die Kollektion Grigio bietet das Beste aus zwei Welten: Die robuste Ausstrahlung des Betons und der leichtgewichtige, aber dennoch starke und unkomplizierte Charakter des Polyesters. Dieses Material garantiert den Produkten eine umfassende Witterungsbeständigkeit. Dank des intensiven und sorgfältigen Entwicklungsprozesses haben alle Pflanzkübel einen prachtvoll natürlichen Betonlook. Jedes Produkt wurde in unserer eigenen Produktion handgefertigt. Eine Garantie für Topqualität und Nachhaltigkeit.

Struttura

De collectie Struttura biedt de luxe, en rauwe uitstraling van natuurlijke klei in een lichtgewicht plantenbak.

Vakmanschap en het gebruik van alleen de allerbeste materialen staan aan de basis van dit exclusieve assortiment. Hierdoor zijn alle producten vorst- en UV-bestendig.

Doordat al onze producten met de hand worden gemaakt in onze eigen gecertificeerde productie, zijn kwaliteit en duurzaamheid op alle fronten gewaarborgd.

The Struttura collection offers the luxurious, yet raw look of natural clay in a lightweight planter.

Craftsmanship and the use of only the very best materials are the secret behind this exclusive range. This ensures that all products are frost and UV resistant.

Because our products are handmade in our own certified production facility, their quality and durability are guaranteed in all areas.

Die Kollektion Struttura bietet die luxuriöse Ausstrahlung von natürlichem, rauem Lehm in einem leichtgewichtigen Pflanzkübel.

Fachkompetenz und die Verwendung von ausschließlich besten Materialien bilden die Basis für dieses exklusive Sortiment. Dadurch sind alle Produkte frost- und UV-beständig.

Weil all unsere Produkte in Handarbeit in unserer eigenen, zertifizierten Produktion hergestellt werden, können wir für ihre Qualität und Nachhaltigkeit garantieren.

Argento

De collectie Argento biedt producten voor liefhebbers van een strakke en moderne stijl.

De serie bestaat uit een serie hoogwaardige plantenbakken, handgemaakt uit een mix van polyester en steenpoeder. Dit is de perfecte combinatie van materialen, die voor kracht, duurzaamheid en gebruiksgemak zorgt. Het lichtgewicht materiaal is gemakkelijk te reinigen en blijft er zowel qua kleur als materiaal als nieuw uitzien.

The Argento collection offers products for lovers of an austere and modern style.

The series consists of high-quality planters, handmade from a mix of polyester and stone powder. This perfect combination of materials provides strength, durability and ease of use. The lightweight material is easy to clean and will, also in terms of its colour, continue to look new for many years to come.

Die Kollektion Argento umfasst Produkte für Liebhaber eines nüchternen und modernen Stils.

Die Serie beinhaltet eine Reihe hochwertiger Pflanzkübel, handgefertigt aus einem Mix aus Polyester und Steinpulver. Dieser Mix stellt sich als die perfekte Kombination von Materialien heraus, die für Stärke, Nachhaltigkeit und Benutzerkomfort stehen. Das leichtgewichtige Material ist sehr einfach zu reinigen und bleibt sowohl was die Farbe betrifft, als auch das Material selbst, neu aussehen.

Marrone

De collectie Marrone bestaat uit twee series. De Marrone Dark Flame Wood is onze unieke lijn van gerecycled hout en de Marrone Acacia is gemaakt van prachtig getekend hardhout. De Marrone plantenbakken worden veelal geleverd met waterdichte inzetbakken van gerecycled kunststof. Enkele modellen zijn daarnaast uitgerust met wieltjes, die eenvoudig kunnen worden bevestigd en ervoor zorgen dat de bakken gemakkelijk kunnen worden verplaatst. De Marrone Dark Flame Wood lijn is enkel geschikt voor gebruik binnen. Voor gebruik buiten adviseren wij de hardhouten Acacia serie.

The Marrone collection consists of two series. The Marrone Dark Flame Wood is our unique line of recycled wood and the Marrone Acacia is a beautiful rich dark grained hardwood. Most of our Marrone planters are supplied with watertight inserts made of recycled plastic. Some models are also equipped with wheels, which can be easily attached and ensure that the planters can be moved with ease. The Marrone Dark Flame Wood is only suitable for indoor use. For outdoor use, we recommend the hardwood Acacia series.

Die Marrone Kollektion umfasst zwei verschiedene Modellreihen. Das Marrone Dark Flame Wood zeichnet sich durch die Verwendung von recyceltem Holz aus, während Acacia aus wunderschön gemustertem Hartholz gefertigt wird. Marrone Pflanzkübel werden überwiegend mit wasserdichten Einsätzen aus recyceltem Kunststoff geliefert. Darüber hinaus sind sie mit Rädern ausgestattet, die einfach montiert werden können und ein problemloses Bewegen der Blumenkästen ermöglichen. Das geflammte Holz der Marrone Dark Flame Wood Kollektion ist lediglich für den Innenbereich geeignet. Für den Außeneinsatz empfehlen wir das Hartholz der Acacia Serie.
