SQUARELY creates green systems for spaces.

Plants are not decoration. They shape space, acoustics and wellbeing. SQUARELY systems make greenery specifiable, scalable, and easy to integrate across offices, hospitality, and public environments.

For Professional Spaces

SQUARELY offers modular green systems designed for professional environments.

Modular Design

From single units to large configurations, the SQUARELY system adapts, scales, and evolves over time.

Architectural Integration

Each element is built to integrate into architecture, supporting zoning, acoustics, and wellbeing.

GrowLARGE in natural ash — p.29

GrowLARGE Double with trellis — p.40

Our Circular Strategy

SQUARELY operates according to eco-design principles. We source reusable materials, followed by environmentally conscious manufacturing practices.

Reuse and Recycle

Designed for easy care, upgrade, and maintenance, our products allow for repurposing, easy disassembly, and potential material recovery.

Minimal Environmental Impact

Our products are made from surplus high-quality wood with chemical-free oil treatment.

GrowBIG80 in natural ash — p.30 | GrowLARGE80 in natural ash — p.31

School | Natural material | Additional acoustic felt | Robust divider

GrowWIDE wall in natural ash — p.43 | Acoustic Panel — p.52

Hotel | Reduce noise with flax acoustic panels and solid wood | Greenery without using floor space | Beautiful wall composition

Workplace Wellbeing

Integrating greenery into the workspace improves focus, reduces stress, and supports daily comfort. Our biophilic design creates visual calm, improve wellbeing.

GrowWIDE wall in dark oak — p.43

Doctor's Clinic, Copenhagen | Easy & fast installation | Green highlight of the clinic / many patients see the greenery

GrowLARGE with trellis — p.40

Twoday, Copenhagen | Movable green room dividers | Semi transparent separation | Natural material

Flexible Layout

Modular systems allow spaces to evolve without rebuilding. Reconfigurable and scalable, ensuring a future-proof environment.

GrowBIG in black ash — p.28 | GrowLARGE in black ash — p.29

Nykredit, Copenhagen | Visual separation between zones | Robust outdoor products | On wheels

Office | Movable green room dividers | Natural material | Semi transparent separation

GrowLARGE with trellis — p.40

Hospitality Atmosphere

Green systems shape the atmosphere while remaining durable for high-traffic environments. Built for daily use, define zones and enhance the guest experience.

GrowLARGE80 in dark oak — p.31

Hotel lobby | Visual separation | Privacy | Natural accent

GrowBIG in dark oak — p.28 | GrowWIDE wall in natural ash — p.43

Restaurant | Movable green room dividers | Natural material | Semi transparent separation

GrowWIDE wall in natural ash — p.43 | Acoustic Panel — p.52

Cafe | Reduce noise with flax acoustic panels and solid wood | Greenery without using floor space | Beautiful wall composition

GrowBIG in natural ash — p.28

Cafe | Visual separation | Statement piece

GrowWIDE wall in dark oak — p.43 | Acoustic Panel — p.52

Restaurant | Natural material | Additional acoustic felt | Robust divider

Shoji FreeStand — p.39

Office | Biophilic acoustic separation | Visual separation | Privacy

Acoustic Zoning

Plants and acoustic elements work together to structure space, reduce noise, create privacy, and improve comfort.

Design Collection

Room Divider

38

Define space while maintaining openness, improving comfort and privacy.

Wall

42

Greenery without requiring infrastructure. Modular wall systems transform vertical surfaces into active spatial elements.

Grow

20

The core of the SQUARELY system. Designed for flexibility, each piece works independently or as part of larger configurations.

Bloom

33

Softer geometries and expressive colour. Complement the architectural system with a more relaxed visual language.

Outdoor

44

Made from upcycled superwood, the UNFOLD collection ensures durability while maintaining a clear expression.

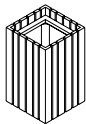

Custom

50

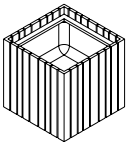

Tailored dimension, finishes, and configurations to match your requirements.

Grow Collection System Overview

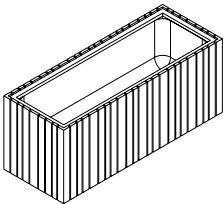

Modules

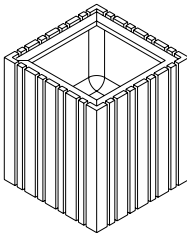

GrowSMALL
14 x 14 x 24 cm

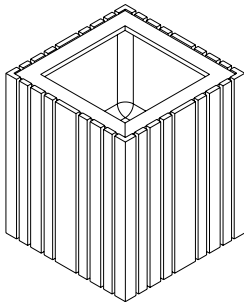

GrowON
22 x 22 x 24 cm
p. 22

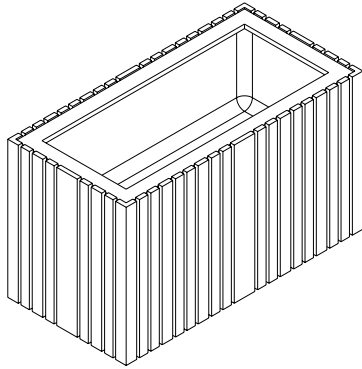

GrowWIDE
22 x 60 x 24 cm
p. 24

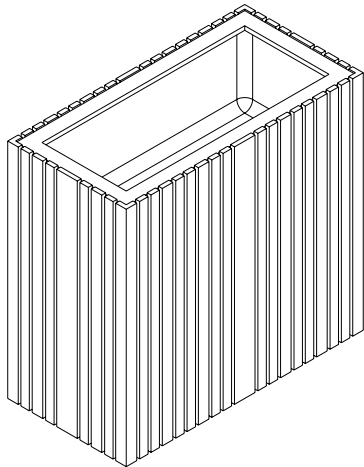

GrowMORE
35 x 35 x 40 cm
p. 26

GrowBIG
45 x 45 x 52 cm
p. 28

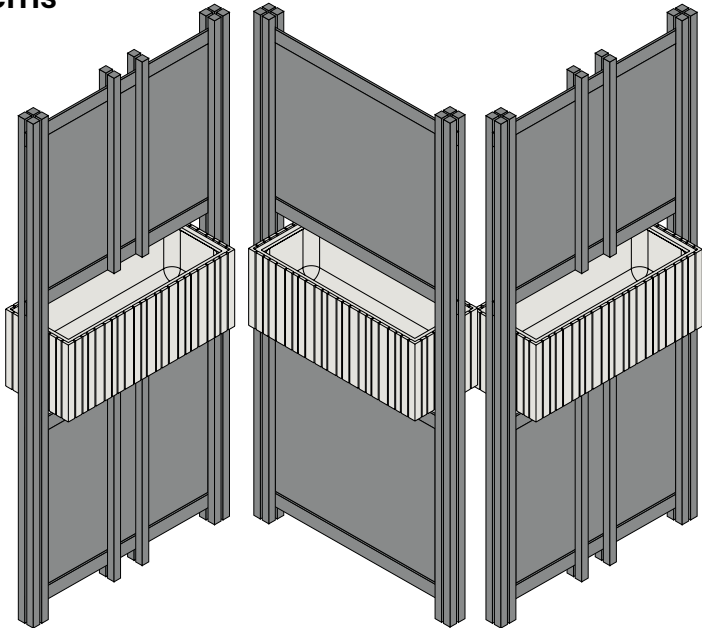

GrowLARGE
90 x 45 x 52 cm
p. 29

Grow for Outdoor

Crafted from durable oak or ash, the Grow collection is also suitable for terrace or balcony installations as outdoor planters.

Combined with HoldON — p. 51, a strong and windproof railing bracket is designed for urban outdoor spaces.

GrowON — p.22

Ideal for compact and smaller spaces

GrowWIDE — p.24

Provides more room for plants while remaining safely attached to the railing

GrowMORE — p.26 | GrowBIG — p.28

Work beautifully on larger outdoor spaces where freestanding planters are preferred

Planter with a Bench

SQUARELY planters are designed to adapt to your space, never the other way around.

Each piece can be tailored in dimension, material, and finish, from refined natural wood to wood-inspired surfaces and durable upcycled composites, with colors curated to complement your interior or brand identity. We also craft bespoke forms, including soft, organic geometries that introduce a more natural flow into architectural settings.

Beyond individual planters, SQUARELY develops complete, integrated systems, combining greenery with seating, acoustic elements, and spatial division, creating sophisticated solutions where aesthetics and functionality are perfectly aligned.
